Accompanying You on the Synodal Journey

Consulting, Coaching, Thought Partnering, Mentoring

“Who’s actually going to DO this synod related work?”

“We don’t have the expertise to carry this culture change out!”

“When exactly are we supposed to figure this synodal business out, let alone carry it out?”

“How are we supposed to make these changes and still do all the other things we have to do?”

“Does anyone here really know what we should do first, next, or at all?”

“What we got from others is too generic! It doesn’t fit our circumstance!”

“Can SOMEBODY help us?”

Yes! Yes! We can help you on the synod journey. How?

- By providing you ways to assess where you are and where you are trying to go. For a free trust assessment, click [here!](#)
- By assisting you as you create an initial plan customized to your circumstances.
- By helping you identify obstacles and ways to address them.
- By partnering with you as you think about becoming synodal intellectually, spiritually and practically.
- By collecting, along with you, resources that are pertinent to the steps you want to take.
- By offering leadership development and parish-wide formation.
- By walking with your parish leadership team as you move through the changes synodality call for.

How much does it cost?
